Further Reports About the Massacre of the Armenians.

AWFUL ATROCITIES BY THE TURKS.

A Score of Villages Obliterated. Young Armenians Burned—Shot Down When They Pleaded for Mercy—Children Stood Up in a Row and Beheaded—Women Carried Away to Moslem Harems.

BOSTON, Dec. 13.—The following is an extract from a letter received in this city from an American gentleman residing in Erzerum, which is in the province of Sassoun, where the recent Turkish atrocities against Christian Armenians are reported to have occurred. For obvious reasons the names of the writer and recipient are withheld:

"Last year the Talvoriz Armenians resisted the attack of the neighboring Kurds, and this year the Turkish government sent detachments of regular soldiers to put down the Armenians. They were assisted by the Kurdish Nemedish. The Armenians were attacked in their mountain fastnesses, and, reduced by the failure of supplies and ammunition, they were finally unable to resist longer.

"About a score of villages were obliterated and many people slaughtered. A number of young Armenians were bound, covered with brush and burned alive. Others pleaded for mercy, but were shot down on the spot, while others were dispatched with the sword and bayonet. About one hundred women were shut up in a church. Many were outraged to death, and the remainder dispatched with the sword. Another lot of women were captured as spoils of war. Two stories are told as to their disposal. One is that they were carried off to Moslem harems, and another that they were slaughtered on refusing to go. Children were placed in line, apparently to see how many could be killed with one bullet. Many children were beheaded, and inmates of burnish houses driven back into the flames at the point of the bayonet as they tried to escape.

"Estimates vary from 3,000 to 6,000 as to the number massacred. Some place the number even twice as high. The massacres happened in August and September, and were perpetrated by military under officers of high rank. This gives the affair a most serious aspect. A Christian does not enjoy the respect given to street dogs, and if this massacre is passed over, it will simply be a declaration of the doom of Armenian Christianity."

SIR JOHN'S BODY.

The Remains of the Canadian Prime Minister to Be Shipped to Canada.

WINDSON, ENGLAND, Dec. 13.—The sudden death of Sir John Thompson, the Canadian prime minister, yesterday, is the one subject of comment throughout England to-day. The castle itself has a most gloomy appearance, as everybody and everything seem to reflect some signs of the sad event.

The railroad officials were summoned to the castle at midnight in order to make the arrangements necessary to provide a funeral train to convey the remains to London. A temporary coffin, covered with black cloth, reached the castle early this morning, and in it the body of the Canadian statesman was placed, and it was then removed to the marble hall where it laid until noon. At that hour the body was removed in a hearse to the Great Western Railway station where it was placed on board a funeral train leaving Windsor at 1 o'clock. At Paddington Railroad station, London, the funeral train was met by a hearse and the body was removed for the purpose of embalming it preparatory to its conveyance to Canada.

UNFAITHFUL LOVER SHOT.

Hand Brewer Determined that No One Else Should Marry Gideon Latimer. LYNX, MASS., Dec. 13.—Gideon W. Latimer, jr., of this city, was shot and probably fatally wounded to-day by Hand Brewer, to whom he had in the past paid some attention. Latimer had transferred his attentions to another young lady. To-day he went to Miss Brewer's house to return some articles loaned him by her. When he told his errand and announced that he was shortly to be married to the other woman, she drew a revolver and with the remark: "If I can't have you, no one else shall," she fired three times at Latimer. One shot took effect in his shoulder and the other two entered the stomach. After the shooting the young woman made her escape. Both parties to the affair are about 23 years of age.

CENTRAL AMERICA.

The Federation Scheme—How the President Will Be Chosen.

TEGUCIGALPA, Dec. 13.—Riots have occurred at Comayagua, where the mob shouted "Death to the Bonilla family." The Central American Federation scheme which is substituted for the Central American Union, allows each country its own president, the presidents choosing a president of the Federation, who shall live in neutral federal district, and on rotating give place in rotation to all the other presidents, each country to have one vote in the council of the Federation.

Counterfeiters Arrested.

BOZEMAN, IDAHO, Dec. 13.—Myron Myers and George Wheeler have been arrested at Caldwell for counterfeiting. Wheeler is thought to be the head of a gang operating extensively. Myers is a farmer and has lived here for twenty years. Through him it is expected to gain information that will expose the workings of the entire gang and lead to their arrest.

THE SEAT of Sick Headache is in the stomach and bowels. Dr. Pierce's Pleasant Pellets cure it perfectly. They regulate the stomach and bowels—mildly, gently, naturally. With these tiny Pellets, the smallest made, and the pleasantest to take, there is a peculiar strengthening and tonic effect on the lining membranes of the intestines, so that their help lasts. They prevent, relieve, and permanently cure Biliousness, Indigestion, Constipation, Sick or Bile Headaches, Sour Stomach, Dizziness, and every liver, stomach, and bowel disorder.

They're guaranteed to give satisfaction, or your money is returned. One of the most difficult diseases to deal with is Catarrh. Perhaps the only medicine that will cure it, root and branch, is Dr. Knap's Catarrh Remedy. So small is the chance of failure that the makers guarantee it in the worst cases.

CAUSES SURPRISE.

Delay of China in Appointing a Peace Ambassador.

WASHINGTON, D. C., Dec. 13.—Considerable surprise is manifested here at the failure of the Chinese government to appoint an ambassador to conduct peace negotiations with Japan. The latter part of last week the state department received word from Minister Denby, at Peking, that the Chinese government would immediately make the appointment, the preliminary arrangements for which had been conducted by the American ministers at Tokio and Peking respectively.

While no information to that effect is obtainable at the state department or the Japanese or Chinese legation here the belief is expressed in some circles that a hitch of some kind has occurred tending to interfere in the appointment of the ambassador. It is suggested that some of the foreign influence so effective in Chinese affairs has made itself felt with that government, and has succeeded in stifling somewhat its attitude respecting the peace negotiations, and caused it to hesitate about making an appointment.

NATIONAL BOARD OF HEALTH.

Committee Reports in the Conference—A National Health Authority.

WASHINGTON, Dec. 13.—Committee reports were considered at the reassembling to-day of the national conference of the representatives of state boards of health. Dr. Benjamin Lee, of Philadelphia, chairman of the assessment committee, reported that the committee recommended that state and provincial boards of the United States, Canada and Mexico, be entitled to representation, and that such boards be assessed \$15 each annually. He also recommended the appointment of a special finance committee to examine into the condition of the treasury. The report was adopted. The conference also considered a resolution offered by Dr. Henry P. Walcott, of Boston, expressing it as the opinion of the conference that there should be established in Washington "A national health authority" exclusively devoted to questions affecting the public health. The bill presented to Congress by the national quarantine commission of the New York Academy of Medicine, appears to be well adapted for the accomplishment of the result desired.

WEST POINT VISITORS.

The Board Recommends an Increase in the Number of Cadets.

WASHINGTON, Dec. 13.—Senator Bate, chairman of the board of visitors to West Point military academy, to-day presented the report of the board to the senate. The report takes strong ground in favor of a change of the law, which will increase the number of cadets to 409, or one cadet for each senator and representative and twenty for the President, instead of the present number, which is about 250. It is admitted that this increase would probably result in a larger number of graduates than could find officers' places in the army, but it is suggested that as the additional cost would be very slight, the country could well afford to increase the number for the benefit to be derived in a purely educational way.

ALSACE LORRAINE.

Petition to Emperor William to Restrict a Portion of It to France.

WASHINGTON, Dec. 13.—The Universal Peace Union has forwarded to the emperor of Germany a petition urging his consideration of the proposition that Germany restore to France the portion Alsace Lorraine whose occupants speak French. The action of the union is based on the publication of the proposition in an international magazine this month and the petition to the emperor recites that the measure will result in the permanent reconciliation of France and Germany. President Alford H. Love, of the Philadelphia, has requested all the peace societies her and abroad to testify their sympathy with the object by addressing similar petitions to the emperor.

THE IRON TRADE.

The Lowest Prices of the Year in Some Markets.

CLEVELAND, O., Dec. 13.—The Iron Trade Review this week says: A further weakening of iron and steel value has taken place within the week and in some markets the lowest prices of the year have been touched. This is true of Bessemer and of Northern foundry irons, except in the Chicago market, where the marked concessions of some weeks past were recently withdrawn. While a November and December accumulation of iron has been looked for, with an attending fall in prices, actual transactions have discounted all allowances. December pig has sold as low as \$9.50 in the valley the equivalent of \$9.15 Pittsburgh.

The makers of Bessemer iron there is a caution about flowing into low priced contracts, begotten of the coke strike experience of May and June.

Car and locomotive building is more active and prospects in these directions are more encouraging. In the central west there is a fair amount of business in plates and angles on ship building contracts. There is a good deal of figuring on work that is to come up next year. Indeed the chief encouragement in all departments of the iron and steel trades is derived from the expectation of an expansive demand in the early months of '95; if present volume and present prices were taken alone as the basis of judgment, the opinion would be far from optimistic.

Parkhurst Honored.

NEW YORK, Dec. 13.—The Rev. Charles H. Parkhurst, D. D., has been elected to honorary life membership in the Jekyll Island Club.

The Jekyll Island Club is one of the most exclusive clubs in the United States. It owns and controls Jekyll Island, near Brunswick, Ga.

Among the members of the club are the Astors, the Vanderbilts, Chauncey M. Depew and other New Yorkers; N. K. Fairbank, Marshall Field and L. Z. Leiter, of Chicago.

The Eucharist Congress.

GREEN BAY, WIS., Dec. 13.—In response to a monster petition of eighty thousand Catholics sent from here, Cardinal Gibbons has sanctioned an order for holding the Eucharist Congress at Washington University. Archbishop Elder, of Cincinnati, Bishop Maes, of Covington, Ky., and Archbishop Kain, of St. Louis, have been appointed a committee of arrangements. Monsignor Sattoli will probably preside.

A Veteran of 1812.

NEWBURY CENTRE, VT., Dec. 13.—Wells Goodwin, a hero of 1822, who fought at Lundy's Lane and Niagara Falls, is dead at the age of 103. Death was due to extreme age.

THE DIVORCE MILL.

North Dakota's Infant Industry Rapidly Growing—A Sensational Case Soon.

TACOMA, WASH., Dec. 13.—L. Edmund Stover, of Fargo, N. D., who has reported more celebrated divorce cases during the past year than any man in the country, is touring in the northwest. Fargo, he says, has grown to be the Mecca which the unhappy married people of the country seem bent on reaching. Talking on the subject of divorce in North Dakota, he said:

"The general public has little idea of the magnitude of this infant industry. The number of pilgrims reaches startling figures. A careful estimate made recently after a visit to all the lawyers in the city places the total number who are serving time preparatory to filing actions for separations as upwards of ninety.

These people are mostly residents of the east, New York and Boston furnishing the largest contingent. Naturally they are all possessed of wealth and prominence, who prefer to journey to the frontier to wash their linen. The constitution of North Dakota requires that three months' residence prior to the commencement of an action for divorce. Several ultra-fashionable hotels and boarding houses of Fargo accept no patrons who are not members of the colony. The money spent in this city by these seekers after single blessedness reaches many thousands of dollars annually.

Among the many cases soon to be heard there is one which will shake New York from centre to circumference. It is a prominent state official as plaintiff, with Burke Cockran as his counsel, and many leading New Yorkers are implicated.

GRIEF DROVE HER INSANE.

Suicide of the Widow of the Late Consul Westergaard.

PHILADELPHIA, Dec. 13.—Mrs. Amelie Westergaard, widow of the late Lars Westergaard, committed suicide yesterday at her home, 1923 Mount Vernon street, by slashing her throat with a carving knife.

Her suicide was the result of excessive grieving over the death which had taken from her husband and eldest son, Albert J. She had been of a melancholy disposition for several years, and even before her husband's death, in the early part of last year, she had become so deeply afflicted with melancholia that it was necessary to place her for treatment in a private institution.

On Tuesday night Mrs. Westergaard retired at her usual hour in the best of spirits, and nothing further was seen of her until her body was found in the kitchen Wednesday morning.

Mrs. Westergaard was the second wife of the late Lars Westergaard and came from a prominent German family. Her late husband was for many years one of the most prominent shipping men in this city, serving as president of the Maritime Exchange and as consul for Norway & Sweden.

New Postmaster.

WASHINGTON, Dec. 13.—E. G. Dirko has been appointed postmaster at Lozen Camp, Jackson county, vice C. D. Seamon, resigned.
